Subject: RE: Carbon Sequestration Permitting

Hello Ariana, thanks for the message. I am the correct contact at EPA Region 9 for a potential geologic sequestration project in CA. I can coordinate a meeting/call time with Ivan and his team from the Office of Regional Counsel, if you have some specific dates/timeframes in mind.

Regards,
David

Subject: Carbon Sequestration Permitting

Hi Ivan and David,

Marcela Von Vacano and I go way back so I turned to her when I was trying to figure out who I should be speaking to at USEPA Region 9 about a Class VI underground injection permit for carbon sequestration under SDWA Sections 1422 and 1425.

If you are not the right contacts, I'd really appreciate it if you would direct me to the appropriate counsel and staff personnel. If you are the correct contacts, I would like to set up a call to introduce you to Aera Energy LLC and explain the company's plans in the CS space.

Kind regards,

Ariana Sarabia
Senior Counsel
